Sub Total			5,00,000	11,75,000	20,000	5,000
Grand Total			17,00,000			

It is proposed to allocate the quantity indicated in the above table to the interested Power consumers having long term PPA with DISCOMs in following inter-se-priority. The interested power consumers shall have to evacuate the coal on their own from the stock. However, the commercial arrangement for such lifting shall be as per FSA or prevailing arrangement, as applicable.

- Power Plants commissioned before 01.04.2009 having FSAs with the coal companies up to 90% of pro-rata ACQ.
- Power Plants which have got commissioned after 01.04.2009 and which have FSAs having long term PPA's with DISCOMs up to 65% of pro-rata. Also those projects with tapering linkage which are part of CCEA approved list of 78000 MW for signing of FSAs will be considered up to tapered quantity (provided they are not getting coal from their blocks till 31.03.2015 in accordance with Supreme Court order).
- Power plants which come under the 4660 MW and similarly placed category on best effort basis (up to 50% pro-rata).
